Have a Happy  
and Safe  
Thanksgiving  
with friends and  
family.

## National Family Caregiver Month

Founded in the late 1970s, Family Caregiver Alliance is the first community-based nonprofit organization in the country to address the needs of families and friends providing long-term care for loved ones at home.

FCA, as a public voice for caregivers, shines light on the challenges caregivers face daily and champions their cause through education, services, and advocacy.

The services, education programs, and resources FCA provides are designed with caregivers' needs in mind and offer support, tailored information, and tools to manage the complex demands of caregiving.

## Mission and Values

### **MISSION:**

To improve the quality of life for caregivers and those they care for through information, services, and advocacy.

### **VALUES:**

**RESPECT** We believe that caregivers, their families and to the extent possible, brain impaired adults, should be the decision makers in planning care.

**OPTIONS** We are committed to increasing the range of choices available to families to suit particular situations.

**QUALITY** We are committed to quality and to providing the best of what's available, though timely, prompt service, well-trained staff and up to date information.

**INNOVATION** We strive to find new and better approaches by creating partnerships between research and service.

**DIVERSITY** We are committed to serving the diverse and changing population of caregivers.

### **COLLABORATION**

We form partnerships with other organizations and agencies to further our mutual aims.

### **EFFICIENCY**

We seek to use our resources to the fullest, waste nothing and stand ready to account for what we do.
